philosophers wittily and expertly uncover amazing philosophical insights from the endlessly fascinating tv show it s always sunny in philadelphia littmann shows how the values of the gang are the same as those of homeric heroes ketcham argues that the church should make charlie a saint partly because it s always sunny is all about free will hamer shows how closely the gang s activities comply with the scientific method alkema and barkman analyze the way the gang perceives happiness and how they try to get it leonard proves beyond doubt that the game of chardee macdennis reveals everyone s unconscious desires king examines the morality of the gang s behavior by the standard of how they respond to extreme suffering chambers agrees that each of the five central characters is a terrible person but argues that given their circumstances they are not truly to blame for their actions tanswell demonstrates that many of the gang s wrong actions result not from immoral motives but from illogical thinking aylesworth uses examples from it s always sunny to bring out some of the moral problems with real consent to sex jones reveals that nietzsche foresaw everything the gang at paddy s pub would do

safety science research evolution challenges and new directions provides a unique perspective into the latest developments of safety science by putting together for the first time a new generation of authors with some of the pioneers of the field forty years ago research traditions were developed including among others high reliability organisations cognitive system engineering or safety regulations in a fast changing world the new generation introduces in this book new disciplinary insights addresses contemporary empirical issues develops new concepts and models while remaining critical of safety research practical ambitions their ideas are then reflected and discussed by some of the

pioneers of safety science features allows the reader to discover how contemporary safety issues are currently framed by a new generation of researchers brought together for the first time includes an introduction and guide to the development of safety science over the last four decades features an extraordinary collection of expert contributors including pioneers of safety research reflecting the evolution of the discipline and offering insightful commentary on the current and future state of the field serves as an invaluable reference and guide for safety professionals and students from any established disciplines such as sociology engineering psychology political science or management as well as dedicated safety programmes some figures in the ebook are in colour

twenty four nocturnal philosophers stake out and vivisect dracula from many angles unearthing evidence from numerous movies and shows macabre terrifying tragic and comic altmann decides whether dracula can really be blamed for his crimes since it s his nature as a vampire to behave a certain way arp argues that dracula s addiction to live human blood dooms him to perpetual misery karavitis sees dracula as a randian individual pitted against the marxist collective ketcham contrives a meeting between dracula and the jewish theologian maimonides littmann maintains that if we disapprove of dracula s behavior we ought to be vegetarians mahon uses the example of dracula to resolve nagging problems about the desirability of immortality mccrossin and wolfe disinter some of the re interpretations of this now mythical character and asks whether we can identify an essential dracula pramik shows how the dracula tale embodies kierkegaard s three stages of life barkman and versteeg ponder what it would really feel like to be dracula the greens publish some previous unknown letters between dracula and camus s meursault vuckovich looks at the sexual morality of characters in the dracula saga de waal explains that dragula is scary because every time this being appears it causes gender trouble

this collection of eighteen chapters by talented philosophical minds probes some of the many lessons to be learned from orange is the new black mostly the addictive netflix comedy drama but with some attention to the best selling real life book by piper kerman the show and the book that inspired it both dramatically highlight the troubling stressful situation of millions of incarcerated americans how do the show s shower scenes shed light on the classical mind body problem how can we make our lives meaningful when our options are curtailed by authority what does it mean to manipulate someone and why is it

bad what can we learn about the peculiarity of human beliefs from pennsatucky s notion of the gay agenda is litchfield prison a preparation for life outside or just a scale model of life outside what could the governors of litchfield learn from jeremy bentham and his panopticon how is it that even in prison we find ourselves condemned to be free why is one of the worst things about prison being forced to see who and what we really are it so happens that life in prison is absolutely full and overfull of philosophical implications orange is the new black and philosophy stays close to the characters and scenes of the tv show applying insights from ethics existentialism metaphysics epistemology and political philosophy the book is aimed at thoughtful fans of this amazingly fine tv show who want to learn more about its disturbing issues
